What would your advice be?

Your friend Ava has set up a fake Instagram account (this is called a 'finstas'). She has been posting nasty images and reels about a classmate called Emma. She has also written several mean comments on Emma's photos. Emma is very upset and has no idea who is behind the posts and comments or how to stop them. What should you do? (Girl aged eleven)

'finstas' are fake Instagrams - to conceal aspects of their online lives from parents.

NOTES FOR PARENTS

- Please refrain from parking on the zig-zags in front of the school as this is a risk to our parents/carers and children. Please also be considerate when driving and parking in the streets neighbouring our school; Govett Road, Emily Street and Florence Street, as we have had a concern raised by one of the residents.
- Monday 26th September was European Day of Languages. Our celebration had to be postponed. Our new date is Friday 5th November. In school we are planning a celebration of all languages, especially heritage languages and those that you might speak at home. We are hoping that children will share a song or poem or even how to say 'Welcome' in their heritage language. It would be lovely if they would share this with their class or with the whole school during our special assembly that week. Please let your class teacher know if your child would be happy to celebrate their other language or languages with us.
