*Congratulations to Charlie
for his hard work and
achieving his certificate in
Swimming!*

*Well-Done to some of our Year 5 and 6 girls who participated in
a Football Festival last week.*

Safeguarding

Social media- Sending or receiving inappropriate content online.

Young people can feel pressured into sharing content that could be harmful to themselves or others. This could be in the form of [sexting or sharing nudes](#), or it might be sharing memes and images of others without their consent – which can be a form of [cyberbullying](#).

DMs (direct messages) can be used to share very quickly and they have no control over how the image is shared further. Some social platforms have features such as disappearing messages – where an image or text will only show for a certain amount of time for the recipient before deleting. This might make users feel they can share more, but the recipient can still screenshot and forward the content to others.

ROAD SAFETY

We have had a complaint this week from a parent/carer and a neighbour regarding the driving and parking around our school area.

The road down to the Thatto Heath Playdays is a private road and our parents should not be using this area as somewhere to park or collect their children from.

We must also ask our parents to be mindful that the yellow zig zags that are placed outside the school for the safety of our whole school community, should not be used to drop off or collect children at the beginning or end of the school day.

Please can we ask everyone to keep safety in mind when entering Govett Road so that we can keep our children and families safe.
