Safeguarding - Thinking It or Saying it

We have many conversations in a day. Sometimes, we may say something in a conversation before we have time to think about the consequences.

The consequences may be:

- How will it make other people feel?
- Will it make you feel guilty when you have said it?
- Do you really believe what you said?
- Did you intend to say it like that?

So, try to make sure you think before you say something that might be hurtful.

YEAR 6 TRANSITION FREE ONLINE PARENT / CARER SESSIONS

If your child has an SEN or significant worries and is due to transition to secondary school in September 2024, we would love you to join us on our online sessions to share preparation tips and advice.

By 31st October 2023 you will have submitted a secondary school application to name your 3 preferred schools.

We are delighted to offer you some advice and support to be able to effectively plan the next steps of your child's journey.

Many of the strategies will work for most children who require that little bit of additional support.

Sessions will be delivered online through TEAMS directed to parents/carers (not to children); if you can attend all four it would be more beneficial.

For further information please email us on LASCstransitions@sthelens.gov.uk so we can send you a TEAMS link to the sessions

Flu: 5 reasons to vaccinate your child

1. Protect your child
The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia

2. Protect you, your family and friends
Vaccinating your child will help protect more vulnerable friends and family

3. No injection needed
The nasal spray is painless and easy to have

4. It's better than having flu
The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record

5. Avoid costs
If your child gets flu, you may have to take time off work or arrange alternative childcare
